Product Overview

TEAC's UR-NEXT is the 4K and 3D/Dual Channel recording solution you have been waiting for! Now is the time to add 4K recording with workflow enhancements including intuitive touch display control, PACS/EMR integration, printing, and documentation capabilities to your OR. With UR-NEXT 4K, you can record in the latest 4K resolutions, AND support Full HD recording from any surgical camera or visualization system for complete backward compatibility- perfect if you have 4K now or are planning to transition to 4K in the future. The touchscreen user interface also features the use of a multifunctional jog dial for a truly simple and efficient user control experience. Paired with TEAC's unmatched reliability and quality, UR-NEXT 4K is the ultra-clear choice.

Key Features

- **4K60 Video/Photo Recording**
- **4K3D Video/Photo Recording**
- **4K Dual-channel (4K30fps x 2) Video Recording**
- Proxy Recording allows 4K and FHD video recording at sametime
- Intuitive **Jog-Dial & Touch LCD** user-interface
- **2TB built-in HDD** stores hundreds of hours of videos
- **Wi-Fi®** transfer within the secured hospital network
- Wide variety of recording medium of your choice (USBs, DVD/Blu-ray™, NAS, PACS, VNA)

Specifications
